

ENERFLEX

Enerflex Awarded a Multi-Year Maintenance and Overhaul Service Contract for a Leading Producer in Australia

BRISBANE, AUSTRALIA – September 27, 2017 – Enerflex Service Pty Ltd. (“Enerflex” or “the Company”), a leading supplier of products and services to the global energy industry, has been awarded a multi-year maintenance and overhaul service contract with a leading natural gas producer in Australia. Enerflex will provide multi-disciplinary core maintenance and overhaul services to this producer’s over 2,500 Hydraulic Power Unit’s (HPU’s). The contract commenced earlier this year.

“Having provided this producer with solutions associated with gas compression, processing, construction, and service maintenance contracts for the past decade, Enerflex is pleased to extend our relationship to becoming a key service provider for their HPU fleet,” said Shaun McCullough, Enerflex’s Managing Director, Australia Asia.

Enerflex has been established in Australia for more than 25 years and this award further recognises Enerflex’s extended capabilities in assisting customers with wellhead asset development and maintenance. Enerflex’s engineering expertise, extensive product support infrastructure, and dedicated maintenance team all contributed to the award of this contract.

Mr. McCullough states “this significant contract solidifies Enerflex’s standing as a competitive HPU service provider for major producers in the region and showcases our firm commitment to assisting customers in meeting their upstream development plans”.

About Enerflex

Enerflex Ltd. is a single source supplier of natural gas compression, oil and gas processing, refrigeration systems, and electric power generation equipment – plus related engineering and mechanical service expertise. The Company’s broad in-house resources provide the capability to engineer, design, manufacture, construct, commission, and service hydrocarbon handling systems. Enerflex’s expertise encompasses field production facilities, compression and natural gas processing plants, refrigeration systems, and electric power equipment servicing the natural gas production industry.

Headquartered in Calgary, Canada, Enerflex has approximately 2,000 employees worldwide. Enerflex, its subsidiaries, interests in associates and joint-ventures operate in Canada, the United States, Argentina, Bolivia, Brazil, Colombia, Mexico, Peru, Australia, the United Kingdom, the United Arab Emirates, Oman, Bahrain, Indonesia, and Thailand. Enerflex’s shares trade on the Toronto Stock Exchange under the symbol “EFX”. For more information about Enerflex, go to www.enerflex.com.
